## ABOUT DI...Photographer and Owner of Dianne Watson Photography.

Since launching my business in 1991 it has developed and grown in leaps and bounds. It started with photographing friends weddings and children, enjoying it as a hobby I then realised that photography was my passion and that it could become my career.

My individual, friendly, fun & professional approach to your special day ensures I catch all the moments in an unobtrusive way. I build a relationship with my couples so that on the day I blend in with family & friends. Everyone then feels relaxed with the camera & enjoys the day. A lot of my weddings and portraits are from

family and friends of my wedding couple, I feel word of mouth recommendations are a great compliment.

I enjoy being involved in your day & feel its an honour to share such a special occasion with you. My goal is too make sure everything runs smoothly with many fun, happy, spontaneous & candid moments that will give you a beautiful wedding album to enjoy for years to come as a reminder of one of the most special days in your life.

I run my business in an honest & up front manner with no hidden costs . I can also help with recommending other wedding suppliers to save you time and money after working with them in the industry for many years.

Please phone to make an appointment at a time to suit you. I'm happy to arrange to come to you in the comfort of your home with my portfolios and albums to show you, alternatively you are welcome to come to my studio at Wallacia.(on the outskirts of Penrith)

I have an outdoor studio setting at Wallacia that is perfect for engagement portraits or to have your formal photographs taken between ceremony and reception(at no extra cost)

### **Testimonials:**

Just wanted to say a big THANKYOU so much for doing such a wonderful job on our wedding photos. Thankyou for also being so great on the day, it was so good to have someone there who knew exactly what needed to be done in every situation, even if it didn't involve taking the photos. It was also great to have our albums ready the day we got back from our honeymoon!

Thanks again, Love Vanessa and Kevin.

Dear Di,

Where do we start? From when we first met you we found you friendly and enthusiastic. We felt comfortable in asking what we wanted and were never pressured into anything that we didn't want or need. You helped the day run smoothly and we all enjoyed your relaxed nature, it was like we had known each other for years! The day went so quickly but we have the most beautiful photos to remind us of our special day.....Christie and Tim.

To Di,

Thankyou so much for your beautiful photos. They look unreal & you have amazing talent. Many people commented on the quality & quantity of photos & also how easy you made everything on the day. We appreciate it all....Love Matt and Jess.
